

A PIECE OF PAPER

Venerable Gyatrul Rinpoche
June 12th , 2021

Rinpoche offered the following comments over the course of several minutes while watching a student write out a list on a piece of paper.

Samsara is like a piece of paper.

Turn it over! That is like liberation.

The paper is the same. We just see it completely differently.

...

Paper is nothing special. But! It is the same everywhere. Amazing, how it is equally its nature.

...

We think, “If it is just paper, that's not enough!” We feel we need to write something, draw something.

[He sighed:] Then we get busy! And then it never ends!

...

Nobody is satisfied with their empty piece of paper. Therefore, we complicate everything!
