

## *ON THE KUNZANG NYIMA VAJRASATTVA PRACTICE*

Venerable Gyatrul Rinpoche

February 3<sup>rd</sup>, 2022

I heard this morning that some students are doing Vajrasattva using the practice from the tradition of the great treasure revealer Kunzang Nyima. I am so happy! Thank you! Kunzang Nyima was a buddha. He was the speech emanation of Dudjom Lingpa. He was not just an ordinary sentient being. His words contain all of Buddha's teachings. He was really an amazing terton. Therefore, I'm so happy you guys are practicing nicely, connecting to him. Thank you, thank you! In the future, don't lose that connection, okay?

[Then, looking at a picture of a Vajrasattva statue, he told a student:] These images are so precious, therefore, pay attention! In the future it could be very difficult to see things like this. In the next life and in other future lives, there is no guarantee you will see such things again and again. Don't ignore them now! This, Vajrasattva, is the real Tara, the real Guru Rinpoche, the real Buddha Shakyamuni. The nature of all of those is Vajrasattva. All sentient beings have that nature. That is their true face. But we don't know that. So look at it!
